

VIRTUAL
NATIONAL SUMMIT FOR EDUCATIONAL EQUITY
Advocates for Equity

April 26-29, 2021

Preconference: April 20-22, 2021

The range of topics that relate to equity provide a wide spectrum of learning experiences - from the mind-changing, 30,000-foot view on issues of race, gender and society - to the nitty-gritty details of how to structure a classroom to accommodate a student with a particular disability. - Summit attendee

The National Summit for Educational Equity brings together education and workforce leaders, researchers, practitioners, and advocates to increase our collective ability to create education systems where every student can thrive.

Because NAPE believes every student deserves an education that prepares them to earn a living wage, the Summit emphasizes high-skill, high-wage, in-demand career pathways in Career and Technical Education (CTE) and Science, Technology, Engineering, and Mathematics (STEM).

Preconference - April 21 and 22

NAPE led equity workshops and Educational Equity Leadership Institute

Conference - April 26 - 29

Keynotes by equity leaders
 Public Policy Day

Breakout session strands covering equity in:

- Equitable Learning Environments in COVID-19 Reality
- Access and Equity in CTE and STEM
- Foster a Diverse Workforce
- Public Policy & Advocacy

Opening Keynote

Truth, Racial Healing and Transformation in Education

Dr. Gail C. Christopher D.N., N.D. is an award winning social change agent. She is the visionary for and architect of the W. K. Kellogg Foundation-led Truth, Racial Healing and Transformation (TRHT) effort for America.
